Yeah you did, that was when we were talking about Snadra's. You said you had nothing like we do... but I guess we all want what we don't have. :)

Well our Hawaiian interest is really starting to grow... so you never know what will happen in the future. As for names, we'll have to work on that.

And.... what cordylone is the one you've used as your avitar? Beautiful!!

:lol: yeah!

Here is a pic of our Amanda's Blush....is it the same as yours, the pic you have looks a lot more colourful!
