Hello, Im new here and I was wondering if anyone can help me update my small collections of cordylne. I have been collecting some of them for quite a while now and I never knew there are a wide range of cordylne availables. If anyone can some how give me an idea how much they cost I would really appreciate it.

By the way, I am from the Philippines and I would be posting some pictures in the next couple of days. I do hope you will be able to help me identify them since I dont know there names.
